CAPABILITY STATEMENT

Building Quality. Protecting Your Reputation.

Your Trusted Remodeling Partner

**WCHUSS
SERVICES**
& HOME IMPROVEMENT LLC

We Build More Than Beautiful Spaces. We Build Confidence.

At WCHUSS Services & Home Improvement, we believe successful remodeling is measured by more than completed projects. It is measured by trust.

- ✓ Every **schedule** we honor.
- ✓ Every **homeowner** we respect.
- ✓ Every **commitment** we keep.
- ✓ Every **detail** we complete.
- ✓ Every **space** we transform with care.

Our mission is to become the remodeling partner General Contractors rely on when quality, communication and professionalism cannot be compromised.

We understand that our work represents more than our company—it represents the reputation of the General Contractor who trusted us with the project. For that reason we approach every opportunity with accountability, organization, transparency and pride.

Our goal is simple: to deliver work that elevates your vision and earns the confidence of every homeowner.

TRUST

Relationships built on integrity and follow-through.

ACCOUNTABILITY

We own our commitments and deliver with pride.

COMMUNICATION

Clear, proactive and professional at every step.

QUALITY

Craftsmanship that stands the test of time.

PROFESSIONALISM

Respectful teams that represent your reputation.

MEET THE FOUNDER

WCHUSS Services & Home Improvement was founded by Willy Cier with one clear belief:

General Contractors deserve subcontractors who think like business partners.

Willy combines a Business Administration background with more than ten years of construction experience, Project Management and Marketing. This combination allows him to understand projects from multiple perspectives—not only how they are built, but also how they are planned, communicated and delivered.

Rather than focusing only on production, he has built WCHUSS around professionalism, proactive communication, organization and long-term relationships.

Every member of the team understands that every interaction with a homeowner reflects the General Contractor's brand.

Our objective is simple: make every project easier to manage while delivering exceptional craftsmanship and a professional experience from start to finish.

WHY CONTRACTORS CONTINUE WORKING WITH WCHUSS

Contractors do not continue working with WCHUSS simply because we remodel kitchens or install flooring.

They continue working with us because we help make projects easier to manage.

- ✓ We communicate proactively.
- ✓ We stay organized.
- ✓ We solve problems early.
- ✓ We respect homeowners.
- ✓ We protect schedules.
- ✓ We deliver quality consistently.
- ✓ We represent your company professionally.

Our goal is not to become another name on your subcontractor list.

Our goal is to become the first company you call when quality, professionalism and dependable execution matter most.

Great projects are built through great partnerships—and we look forward to building one with you.

KEY STRENGTHS
